

## **Training & Placement Cell**

The training and placement cell was established with a view to encourage the students to develop their skill for achieving success in various fields. Active and altruistic staff belonging to different departments forms the committee.

Group Discussions and debates are conducted among the students to improve their communication skills. These training activities help the student to get placed in the present competitive technical world.

To ultimate goal of T & P cell is to provide employment opportunities to students in leading organizations including MNCs. This is achieved by the encouragement provided by the training and placement cell of this institute. For the whole year the members of T & P hold meetings with HR Departments of esteemed organizations so as to invite them to our college for recruitment for their industry.

To coordinate the activities of placement cell, a placement committee of the students of various disciplines has been constituted. Two placement members for every session are selected from various departments listed below.

- Architecture Deptt.
- Civil Engg.
- Computer Engg.
- Electronics and Communication Engg.
- Electrical Engg.
- Mechanical Engg.
- Production and Industrial Engg.
